

Dear Parents,

Over the years, The Oakridge School has established a reputation as a leader in summer programs in the Metroplex. I am very proud of the opportunities these programs afford our children. This year promises to continue the tradition of excellence with the proven success of the *Summer Camps*, *Summer Days*, and *Summer In The Oaks* programs. If you are seeking exciting opportunities for your child this summer, you need not look any further.

With a wide variety of course offerings, the *Summer Programs at Oakridge* offer something for all Oakridge students. It also provides students new to Oakridge a great opportunity to familiarize themselves with our campus, our teachers, and our students.

I applaud the merits of the *Summer Programs at Oakridge* and hope to see your child on campus this summer.

Sincerely,

Jonathan Kellam  
Headmaster
